Silver State partners with County Living for Sunbrella fabrics Color palettes inspired by the outdoors

Furniture Today Staff -- Furniture Today, January 16, 2009

SALT LAKE CITY — Fabric wholesaler **Silver State** has partnered with **Country Living** for a new collection of **Sunbrella** performance fabrics inspired by the magazine.

The collection includes 60 new SKUs in the Country Living collection and 17 new patterns.

"The designs are clean, the colors refreshing, and being presented in Sunbrella makes it uniquely versatile unlike any other fiber," said Manoli Sargetakis, a principal of Silver State. "With the Sunbrella performance you can use this indoors or out and know it will stand up to everyday life with children and/or pets."

According to Silver State, the color palettes of Country Living have been inspired by the outdoors. Classic stripes, vintage florals and paisleys have been reinvented with a fresh approach. The collection includes exclusive patterns by Jennifer Paganelli, whose designs are regularly seen in the magazine.
