
TORINO Care & Cleaning Guide

Prompt cleaning is always recommended. Ordinary dirt and stains can be removed with mild soap and water. Rinse the cleaned area with water and wipe dry with a clean cloth immediately after cleaning agent is left to sit on the material for a period of time, as it may leave a white residue, which can be wiped off with a damp cloth. The material should be wiped multiple times until the residue is removed.

Recommended cleaning steps are listed by type of Stain

<p>Regular Cleaning and Maintenance Clean the soiled area with mild soap and water, then rinse with fresh water and wipe dry with clean cloth.</p>	<p>Dirt Dust Grime</p>
<p>Food Stains / Oils Wipe Affected area with a soft cloth or soft bristle brush using a non-abrasive cleaner, for example Formula 409 or Fantastik. Rinse with fresh water and wipe dry.</p>	<p>Ketchup Chocolate Coffee Tea Juice</p>
<p>Healthcare Clean the soiled area with a 20% solution of Household Bleach and Water. It is important to rinse the cleaned area with fresh water after applying the bleach solution.</p>	<p>Blood Urine Betadine / Iodine Disinfectant</p>
<p>Difficult Stains Clean the soiled area with 50% solution of Isopropyl Alcohol (Rubbing Alcohol) and water. It is important to rinse the cleaned area with fresh water after applying the alcohol solution.</p>	<p>Eye shadow / Mascara Lipstick Crayon Grease Mustard</p>

NOTE: The use of commercial vinyl conditioners and protectants is NOT RECOMMENDED. Do not let water sit on the material for an extended period of time, as this may leave a watermark.
