An Exclusive Sunbrella® Collection by Silver State

Silver State is booking our best collection to date with **SAVANNAH** (an exclusive collection). **SAVANNAH** is an updated take on Southern style. The palette is soft and warm. Navy/blue is the color that brings a bit of drama and prestige to the color family. The hand is supple without heavy texture and the patterns vary from botanical to linear.

**Cambridge** and **Chamberlain** are a matching buffalo plaid, and 3 tone stripe duo that are classically influenced. There is the satin finished stripe, **Veracruz**, with saturated color that only an up the roll stripe can produce. We have a wide bar stripe, **Bridgeport**. The pattern has multiple colors to choose from and a very subtle but different texture in the two stripe colors. **Vanity** is a textured pinstripe which uses the newest Sunbrella colors in soft blue, orange and citrus.

**Landscape** and **Amazon** are great botanical patterns. **Landscape** is inspired by the French roaring 20's artwork. **Amazon** is an all over pattern of fronds with monotone colorings. The patterns give a calm aura that leans more toward an Arboretum and less to middle aged men's summer shirts.

There is also plenty to coordinate with and available now on our website [www.silverstatetextiles.com](http://www.silverstatetextiles.com). Everything is in stock. See your representative for a showing.
