RA and Light & Shadow Coordinates

Alaxi fabrics by Silver State Inc. are expanding our Coordinates books with 2 new Sunbrella® indoor/outdoor additions for 2017.

RA is the name the Egyptians ascribed to their Sun God; it is a fitting inspiration for these brand new looks and colors of Sunbrella®.

By blending fibers we have created a mélange of color and an exciting new look. The colors and textures look more natural than ever before. Your cushions and pillows will look like a true linen or canvas, but with all the benefits of Sunbrella® Solution Dyed Acrylic. This collection introduces three new patterns: **Nefertiti** is a soft twill, **Cleo** is a textured solid, and **Nile** is a subtle stripe that works with both.

Coordinates Light & Shadow continues with a color book focus. This year we are adding the warm neutral tones of creams, taupe, grays and silver. We have expanded to include small-scale patterns and stripes that have simple repeats. The textures go from basic woven to super plush chenille and flannel touch weaves.

Alaxi Coordinates add simplicity to elegance with all the benefits of Sunbrella® Solution Dyed Acrylic. Most patterns come with our **COLOR MATCH GUARANTEE** that eliminates dye lot worries and the need to get cuttings for approval.
