Roman Holidays

An Exclusive Sunbrella® Collection by Silver State

Silver State fabrics is proud to introduce our newest collection: Roman Holidays. With stylized rosettes, geometric arrangements, polished textures and eye catching hues. Transport yourself back to the time when today's classic designs were made but with a contemporary spin. This collection is reminiscent of a simpler time with a charming combination of the old and the new. We added new colors to the popular pattern Watercolor from warm to icy tones of white, gray and blue. Corinth is like a classic piece of Italian marble conceived as fabric. Sag Harbor, Stratford, and Carolina are new stripes that are very subtle to bring that feeling of warmth and elegance. These will be easily paired with new coordinates Crave, Jedi, and Buckley.

Sunbrella fabric is woven from 100 percent acrylic yarns that are fade, stain and bleach resistant. Their colors will remain vibrant and solid throughout their lives of exposure to sun and messy guests. Perfect for demands of any setting be it indoors or outdoors.

Welcome to your Roman Holidays.

CLEANING INSTRUCTIONS

Most stains on Sunbrella fabrics can be cleaned with mild soap and water solution, but here are some other options:

- Spot wash by sponging briskly with a solution of natural soap in lukewarm water.
- Rinse thoroughly with clean water to remove soap and air dry.
- For stubborn stains, use fabric spot remover. Follow the directions on the container.
- For removable cushion covers, machine wash in cold water with a mild soap, air dry.
- Sunbrella acrylic does not promote mildew growth. However, mildew may grow on dirt and other foreign substances that are not removed from the fabric. To clean mildew stains, prepare a mild solution of one cup bleach and two capfuls of natural soap per gallon of water. Spray on entire area and allow to soak in. If necessary, scrub vigorously with sponge or clean rag. Sponge thoroughly with clean water and air dry.
