

METROPOLIS An Exclusive Silver State Collection

For 2019 the look is vibrant sophistication. Clean looks, fresh color combinations, and fun energetic patterns. Because we believe fabrics are a hands on experience there is plenty of texture but it is subtle, not predominant. Metropolis is the summation of our annual efforts to bring another collection of beyond ordinary looks.

WICKED. Playfully angled triangles with an occasional metallic splash of PVC coated Sunbrella yarn. Comes in 2 colors.

CITYSCAPE. Best described as turning Morse code into an overall small scale pattern. A very lively pattern with a workable repeat and can be run in either direction. Comes in 5 colors.

MURPHY. Our outdoor take on pinstripe. A railroad stripe in 12 colors and can go with anything in the collection or a good fit with patterns and solids in general.

LIAM. Liam is a terrific “go with” for any setting. Small in scale and in repeat. Can be applied in any direction and will upscale any setting it is added to. Comes in 4 colors.

IMPACT. Pun intended, guaranteed to make a “splash” wherever you use it. Large in scale. Vivacious in design, and adventurously colored. Available in 4 colors and comments are guaranteed to be made.

CENTRAL PARK. This is our mid-scale geometric with contemporary overtones. Comes in 3 colors.

Sunbrella fabric is woven from 100 percent solution dyed acrylic yarns that are fade, stain and bleach resistant. Their colors will remain vibrant and solid throughout their lives of exposure to sun and messy guests. Perfect for demands of any setting be it indoors or outdoors.
