

READY FOR WEAR ELEGANCE

Why can't Luxury be durable, while beautiful? Aspirational and affordable? Why not have the confidence to add elegance where ever we want it?

The newest addition to our Ready For Wear family of performance fabrics, ELEGANCE, gives your clients all those opportunities.

We have assembled a beautiful collection of velvets & textures that all meet at least 50,000 double rubs. There is a wide range of colors, and finishes. The majority of the collection is made in Spain with a European sensibility and flavor.

There are 95 SKU's with quick availability from 1 to 2 weeks and back orders are 8 to 10 weeks from the mill. From hotel rooms to living rooms they can be used in a wide variety of settings.
